

## The Annual Community Blood Drive at North Shore High School 2010

North Shore High School annually hosts two blood drives each year. This year Miss Kelly LaMattina was the student coordinator for the two events; November 6, 2009, and May 19, 2010. The PTSA provides bagels for this event for all the blood donors and the North Shore Key Club assists with presentations to all senior homerooms at North Shore to sign up blood donors. Pictured are various pictures with Kelly and her team of North Shore Student volunteers and student blood donors
