

The North Shore Middle School Builders Club Gets Started For 2011-2012

The North Shore Middle School Builders Club for 2011-2012 is full of energy and enthusiasm for community service. Pictured are the smiling faces of members who attended the first meeting held on October 6. Many new ideas were shared as Co-Presidents Alex Mecklosky and Liam Higgins took center stage greeting the 16 new members of the club. Each meeting has a theme and to start off the year Unicef was the topic for the first meeting. Club members decorated Unicef boxes that will be given out on Saturday October 29th at a fundraiser car wash sponsored by the North Shore Key Club. All children who attend the event with their parents will receive a box for Halloween. The Builders Club is sponsored by the North Shore Kiwanis Club.
