

**The Youth Decide Peer Educators At North Shore
Finish A Very Good Year 2010-2011**

The Youth Decide Peer Educators of North Shore High School have been very active in the North Shore Elementary Schools presenting to 5th grade classes concerning important issues on bullying, peer pressure and drugs and alcohol. They discuss these very important topics and how to say “no” a very important word to learn how to use. In order to belong to this special group you must sign a contract to be drug and alcohol free and practice what you teach !! Pictured are the peer educators in action at the Glen Head Elementary School.
