

### Tutoring at St. Christopher's: A Homework Club is Actually Fun

For the past three years, many Key Club members have volunteered their time, one hour a week, to helping the children at the St. Christopher-Otilie Home. With our sponsoring Kiwanis club, we go to the St. Christopher's Home to help the children that live there with their homework, or help them improve their reading and math skills. The St. Christopher-Otilie Home, part of the Family of Services, takes in mentally challenged and physically challenged children when they do not have anyone to take care of them. With help from the North Shore High School Key Club and North Shore Kiwanis, the students at St. Christopher's are benefited from the extra help in their studies, and also able to meet someone, who quickly becomes their friend. The children are so excited to see you come and be with them once a week, and it is amazing to see how happy these children are that you gave them your full attention. The tutoring program at St. Christopher's is one of our Key Club's biggest projects, and it continues to grow and succeed with every year. Our Homework Club at St. Christopher's shows that it can actually be fun to do some homework! Imagine that!
